

Jan 11, 1977

Dear Mom & Dad,

We got your letter with the pictures and thought they turned out very well. Mom and Hazel Jackson were here last Saturday and saw the pictures. Mom thought Dad looked like Archie Bunker in the top photo. We certainly had a great time and hope we can go on a drive next summer when we come out for a visit.

We had a few people over for a party on Friday night. The Jacksons were here Saturday night. Sunday we went to the tennis tournament and saw Chris Evert lose. So we have been busy and have done a lot of cooking as well. The weather has been very cold with 3 snowfalls this week and low temperatures. The thermometer is at 11° as I am writing this letter.

Next Monday I'm leaving for San Diego. On my return I'll meet Vickie in Miami and we will fly over to Freeport in the Bahamas for three days. It will be a welcome change in environment!

I hope you got the prints we sent and can find some obscure cover to put them in. Of course, Mary gets one if you can decide on which to keep.

We will probably be out early in August although I may stop sooner if I visit my contractor in Richland.

Love,
Jim & Vickie
